## Albany Workers Enroll in United Bay Area Crusade

Albany Police Chief Ralph Jensen, community chairman for the United Bay Area Crusade, reported to Albany Crusade Cabinet President, William McAuley, that his organization is ahead of schedule in enrolling volunteer leadership in all top echelons. In some departments of the campaign recruitment is going forward steadily during the summer vacation season.

Similar to her surrounding community neighbors, Albany's voluntary health and social welfare services are mainly carried on by agencies and services financed by the United Bay Area Crusade. Mrs. Cheryl Kleinhammer, directing public relations in Albany for the crusade, commented on the fact

that in addition to the Albany YMCA, local residents look to the Red Cross for the many services it offers, and enroll for action and training through it. Albany's share of support for research conducted by the health causes, cancer, heart and arthritis, likewise is given through the United Crusade. Mental health has recently been added to the list of participating services.

Chief Jensen's campaign organization includes the following key personnel:  
Sid Wallace, chairman, commerce and industry; Cecil Wentz, chairman, district business; Bert F. Griffin, public schools; Mrs. Florabelle Blank, chairman, residential; and Art Smith heading the municipal employees.

Mrs. Blank has enlisted the services of Mrs. Lee A. Seidell, Mrs. Fred Hendrickson, Mrs. S. Masuero and Mrs. Henry Vila.

Art Smith has obtained cooperation of city employees in all departments. Heading city groups will be Lucille Johnson, city hall; Frank Heaney, fire department; Norma Carr, health department; Emmett Devine, park department and recreation department; Connie Yool, police department; George Wannop, street department.

President McAuley, speaking at a recent meeting of the Albany Crusade Cabinet, reminded the volunteer workers that some 14 or more local services, with headquarters either in Berkeley or Oakland, are daily ministering to Albany's needs. Among these are the scouting groups, Camp Fire Girls, Herrick Clinics, nursing services, and family and children's services, the latter offered by both non-sectarian and major faith organizations. Last year alone, he noted, six hundred and sixty-five Albany children visited the Children's Hospital Clinics in addition to private and part-pay patients treated in the hospital.

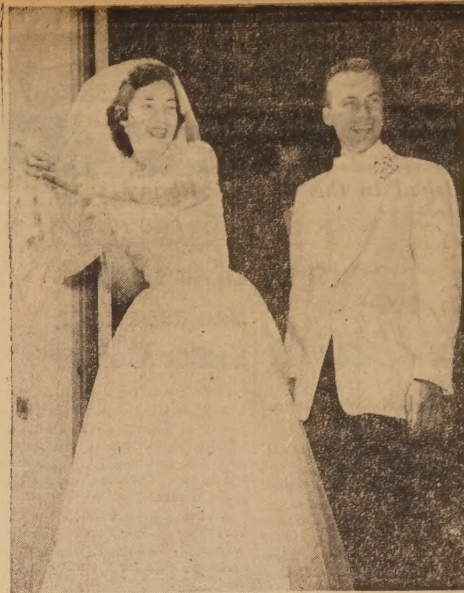

"It is really a wonderful plan, this United Crusade," McAuley said, "when you stop to think that we can help to support all of these many needed services upon which we all depend to some degree, through one annual campaign to which everybody gives and from which everybody benefits."

## In The Albany Churches

### NORTHMINSTER PRESBYTERIAN

"Man's Greatest Enemy," will be the title of the sermon to be preached by Rev. James B. Hubbell on Sunday, Aug. 14 at 11 a.m. morning worship service. This will be taken from the life of Gideon. The special music will be a soprano solo by Pearl Brown.

Sunday School for primary through high school age will start at 9:30 a.m. and for nursery-kindergarten at 11.

Vestminster Fellowship groups for both junior and senior high school young people will start at 6:30 p.m. President of the Junior High is Gordon Swanson and of the Senior High is Gay Lequist. All young people of these ages are invited to attend. Topic for discussion will be "Parental Control of Popular Students."

The officers of Northminster and representatives from each group of

the church (Women's Guild, couple clubs, youth groups) are having a planning conference at the new Alamo Retreat grounds on Saturday August 13. This will be an all-day conference for the purpose of planning the year's activities and scheduling goals for the church to meet in the future.

Vacation Bible School will begin on Monday, Aug. 15. Due to lack of space, the school will be limited to those in the first through sixth grades. The purpose of the course is to create in the children the desire to love God as Jesus loved him. To "follow the Lord your God."

To show that Jesus made the way so clear that even a child can follow. Each session, beginning at 9:30 and running until 11:30, will include time for worship, singing, story telling, games, memory work (scripture), crafts and refreshments. The school will close

### CHRIST LUTHERAN

The consecutive study of the Letter to the Ephesians being pursued by Christ Lutheran Church, 780 Ashbury at Stockton Ave., will be continued this week, with the sermon topic "Empty Words, Empty Words," an exposition of the Fifth Chapter, by Pastor George H. Mueckling. The early morning service initiated last week at 8:30 a.m. will be continued, with the regular service at 11 a.m.

Sunday School, with classes for all ages, meets at 9:45 a.m., conducted by Mrs. Bernice Geach and Charles Bradfield, superintendents. Vacation Bible School, under the direction of Mrs. Ruth Born, will begin at 9:30 a.m. Monday, Aug. 15. "God's Law" will be developed during the morning sessions for two weeks. Children with public school experience will be accepted for enrollment.

### CHRISTIAN SCIENCE

God's inexhaustible goodness and abundance will be brought out in the Lesson-Sermon entitled "Soul" which will be read in Christian Science churches on Sunday.

The Bible passages will include the admonition of Christ Jesus with regard to man's sustenance: "And seek not ye what ye shall eat, or what ye shall drink, neither be ye of doubtful mind. For all these things shall be added unto you" (Luke 12:29-31).

Also emphasizing the importance of looking to Soul, God, rather than to man for happiness, a correlative passage to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (60:29-31): "Soul has infinite resources with which to bless mankind, and happiness would be more steadily attained and would be more secure in our keeping, if sought in Soul."

### Dawn and Dusk Danger Times in Driving Your Car

On these long summer trips you will frequently find yourself rolling along the open road just around sunrise or sunset.

"At such times, points out the Public Safety Department of the National Automobile Club, you'll find that the brilliant sun rising over the horizon, or the glowing sun sinking down behind the western hills, will not exactly add to your driving comfort. The glare of the low lying sun throws a wall of light and blur your vision, and the long, crooked shadows cast by the low lying sun casts across the road will work to confuse your sense of distance, to conceal and mask objects in your path.

Under such conditions it's wise to drive with extra caution. Slow down to a safe pace. See to it that you make full use of that sun visor that's attached to the top of your windshield. And whenever it's dark enough to make use of your headlights, turn them on and be sure that they're both burning brightly.

When driving just around sunrise or sunset, compensate for that extra danger by using these extra precautions.

### When you're driving on our modern streets and highways, a moment of inattention may mean a lifetime of regret.

If you have become so used to driving that you're inclined to let your attention wander, are inclined to forget that driving is a full-time job—look out!

If you make a habit of becoming more interested in the conversation you're having with your passengers than in what those drivers around you are doing when you're cruising through heavy traffic—look out!

If you speed along the highway at a considerable clip and then become deeply interested in the traffic aspect of the surrounding landscape, in this or that aspect of cloud formation in the sky—forget all about the road ahead of you—look out!

Things happen fast at fifty or sixty miles per hour, warns the National Automobile Club, and it takes only that moment of inattention to bring you to sudden disaster.

### COURTEOUS DRIVER

A courteous driver is a safe driver, according to the National Automobile Club.

M. Blank, and the year's budget by Mrs. Carl Fos- selius, first vice-president and fi- nance and budget chairman.

The national PTA slogan "Team work Does It," is being followed in many ways in precampaign arrangements for Albany's city - wide PTA membership drive to be held the week of October 3. Lat- est "team" to join the Parent - Teacher units in preparation for the drive are the Albany firemen. Under the direction of Asst. Fire Chief Gerald Browne, a 10-foot thermometer is being built, which will daily record the collective per- centage of membership in Albany's five parent-teacher associations, which are Albany High, Cornell, C. M. MacGregor, Marin and Vis- ta. The wooden thermometer will be placed in front of the Cornell Library, on Solano Ave.

In charge of arrangements for this phase of the city - wide cam- paign are Mrs. Ted McCain, Cor- nell PTA membership chairman and Mrs. Will Betten, Marin PTA publicity chairman. Mrs. W. J. Darnell is chairman of the com- mittee for this concerted mem- bership drive. She is membership chairman for Albany High PTA.

### Marin PTA Plans Benefit Carnival For October 29

The second in a series of work- shops for the Disneyland Carni- val scheduled for October 29 by the Marin Parent - Teacher As- sociation was held Wednesday eve- ning at the home of Mrs. Will Betten, homemaking chairman. Members are meeting every three weeks to sew rag dolls, bean bags, aprons and other articles, and to make useful Christmas gifts which will be on sale at the "Three Lit- tle Pigs" homemaking booth.

According to Mrs. Carl Fosseli- us, carnival chairman, plans are being made for a "Reluctant Drag- on" tearoom; a "Dumbo White Elephant" booth; an amusement center where many games for chil- dren will be played, and a "Frop- tier Express," which will be a jeep and trailer ride for the small chil- dren. Snow White will reign over the cake stand. In charge of the "Castle," the ticket booth, will be Mrs. L. T. Rossi.

Needed by the homemaking chairman are scraps of felt and yarn, durable material for bean bags and new face cloths and bars of soap.

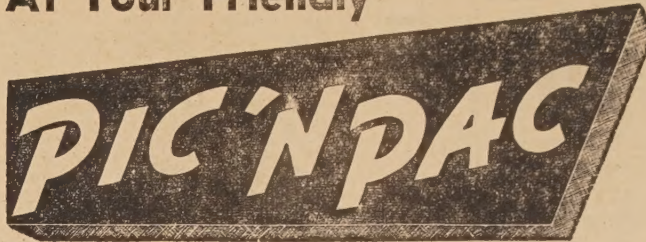

Proceeds from the carnival, Ma- rin's fund-raiser, will help make possible next year's contributions to the Albany Nourishment Fund; Juvenile Hall, Oakland; Albany Braille transcription group; Her- rick Dental Clinic; the Albany - Berkeley PTA clothing room; Al- bany campership fund; Christmas food baskets for Albany needy; PTA symphonies and summer mu- sic workshop; student loan fund of the National Congress of Par- ents and Teachers, and a school gift. This year's gifts from the PTA to the school were 48 glee club robes sewed by members of the PTA, and \$35 to the school principal for use in children's ac- tivities as he sees fit.

## 58,961 Boys Visit at Scout Camp in 1954

Boy Scouts, especially new members, are finding Camp Herms a wonderful place for a day hike, an overnight camp - out, or an extended out door experience with patrol, troop or even individually.

As evidence of its popularity, there were 58,961 boys, parents and leaders who used the facilities of the popular camp during 1954, according to Victor Lindblad, scout executive of Mt. Diablo Council.

The camp is used the year-round, with certain periods showing more activity than others according to seasons and use of other council and non-council campsites. Last year 28 different troops used the facilities for their long-term camp, with 264 boys and leaders spending 1430 camper days at Herms. A total of 2829 boys and leaders made one-day hikes to the camp; 2435 stayed for an over-night camp out, and 785 stayed for from three to five days.

Use of the Camp Herms Lodge and kitchen for special programs, including courts of honor, annual dinners, pack achievement councils, parents nights, socials, etc. is quite heavy. Forty-nine different units used these facilities on 103 different occasions, with an attendance of 11,539 boys and parents. Twenty-six other organizations, with 1857 in attendance, also used these facilities.

More than 7400 boys and men used the swimming pool, nearly as many met in the club house, 2623 used the north room, 6815 visited the Albert Nature Museums, and more than 8100 played on the activity field.

"Scouts from all of Contra Costa County, as well as Albany and Berkeley are eligible to use Camp Herms at no cost," Lindblad stated. "All they need to do is bring their food, bed roll, and show their registration card as a Boy Scout or Explorer. Cub Scouts may use

**A wedding gift that makes  
dollars and sense—**

TODAY'S June bride is a canny young creature. She realizes that financial security is one of the most important ingredients of a happy marriage. So naturally, one of the most appreciated gifts she can receive is a U. S. Savings Bond—the gift of security.

A Savings Bond is a present with a future. It earns extra dollars as it grows older (3% interest, compounded semiannually, when held to maturity). And with the earning power of Bonds extended to a full 19 years and 8 months, they can pay back \$1.80 for each \$1.00 originally invested!

So give the gift of security. Give a U. S. Savings Bond.

**Suggestion for June bridegrooms:**

One of the easiest and surest ways to provide financial security for

your new family is through the convenient Payroll Savings Plan. This Plan does your saving for you—and invests that saving in interest-earning Series "E" Bonds. Sign up today at the pay office where you work for the Payroll Savings Plan.

**Want your interest paid as current income? Invest in 3% Series H**

United States Government Series H Bonds are new current income Bonds in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on one month's written notice. Mature in 9 years, 8 months and pay an average of 3% per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased through any bank. Annual limit: \$20,000.

## Children's Hospital of E.B. Liberalizes Visiting Hours

Visiting hours at Children's Hos-  
pital of the East Bay have been  
expanded from one hour daily to  
almost six hours, according to an  
announcement by Miss Louise Bak-  
er, director of nursing for the hos-  
pital.

Now parents may drop in at  
their convenience any time between  
1:30 and 7 p.m. Formerly the visit-  
ing hour was from 2 until 3 p.m.

Traditionally, Miss Baker ex-  
plains, in many children's hospitals,  
and in the pediatric departments  
of general hospitals, visiting reg-  
ulations have been pretty strict. A  
recent survey of hospitals in New  
York reveals that 60 per cent of  
the hospitals with 72 per cent of  
the beds permitted visiting no more  
than three days a week.

"With the realization of the im-  
portance of the emotional adjust-  
ment of the child to his hospital  
experience, a trend toward more  
liberal visiting hours is coming to  
hospitals," says Miss Baker.

She reports that "with visiting  
spread over a longer period, there  
is no peak period of crowded  
wards. There is less crying when  
parents leave, less excitement, less  
disappointment in case no one  
comes.

Dr. Kent Zimmerman, director of  
child guidance services at the hos-  
pital, says the relaxed visiting rules  
are not only more convenient for  
the parents and helpful to the  
children, but they are useful in the  
teaching program, too. "Resident  
doctors and student nurses learn  
to think of the child as part of  
a family when they see the parents  
at almost any time during the day.  
This helps break down their iso-  
lation from the community."

Dr. George R. Felts, chairman  
of the medical staff at Children's  
Hospital, says, "We have had this  
step under consideration for some  
time. I feel it will be a great con-  
venience to parents and that it will  
provide added emotional support  
for the children. Most of the nurses  
and resident doctors like the new  
visiting rules."

There are exceptions to the 1:30  
to 7 p.m. hours. A doctor may re-  
strict visiting where he feels it is  
for his patient's welfare. On the  
other hand, critically ill children  
may be visited at any time, and this  
has been true under the earlier  
rules.

If a child is in the hospital for  
surgery, parents are encouraged to  
stay with the child before surgery  
and to see him when he awakens.  
The following notice is given to  
parents of patients admitted to the  
hospital.

"Your child's adjustment to his  
hospital experience and to his par-  
ents visiting him, is in general  
made easier by giving parents more  
choice as to when they may visit,  
and by requiring that only one or  
two different persons visit him in  
any one day. For this reason, the  
following regulations regarding  
visiting are used:

"You may visit your child any  
time between 1:30 and 7 p.m. As  
a family you may decide that some-  
one close to the child may visit  
in your place.

"Your doctor may feel that your  
child's visiting hours should be  
limited.

"If your child is critically ill,  
you may see him at any time. If  
he is to have surgery, you may  
stay with him before he goes to

the operating room and see him  
after he awakens.

Harold T. Norman, hospital ad-  
ministrator, says, "We feel this is  
a forward step in humanizing the  
hospital care of children."

**Navy to Step Up  
Enlistments of  
WAVE Recruits**

On July 30, 1942, President Roo-  
sevelt signed legislation authoriz-  
ing enlistment of women in the  
Navy. Since that time Navy  
WAVES have distinguished them-  
selves in service at home and  
abroad.

Today, thirteen years later, the  
Navy has issued a call for more  
young women to enlist in the Na-  
vy. WAVES currently serve the  
Navy at shore bases in the United  
States. Those who volunteer  
may be sent to overseas countries  
such as France, England, Hawaii  
and Japan.

According to Lt. (jg) Barbara  
Sullivan, WAVE procurement of-  
ficer for Northern California and  
Western Nevada, young women are  
being accepted for enlistment who  
are between the ages of 18 and  
25, are single with no dependents,  
and have a high school education or  
equivalent. Nine weeks of training  
at Bainbridge, Md., is followed by  
assignment to various jobs in the  
Navy, such as air control tower  
operators at Naval Air Stations,  
photographers, journalists and jobs  
in Naval hospitals. A college de-  
gree may qualify women for an of-  
ficer's commission in the WAVES.

Information on Navy WAVES  
may be obtained from Miss Sulli-  
van, WAVE procurement officer,  
Federal Office Bldg., San Francisco,  
or from the local Navy recruiter  
at Room 224, Postoffice Bldg.,  
Oakland.

3.—Ideas of Your Own

Why not build that house with the little extras you haven't been able to find, we have 2 good building sites in the nicest location in El Cerrito, one 30x100, the other 60x90, maybe you can work your ideas into a reality.

4.—A Whoop and a Holler

From the new Mira Vista School, this 2 1/2 year old is a really and truly redwood modern. Hollywood bath with built-in vanity, 220 wired kitchen, and three bedrooms. Why not let Bev Dawson show you through this gem of The Arlington?
